PRIVATE TREATY BULL SALE

Starting February 15, 2022

Selling:
17 Yearling and 2 Year Old Bulls

Dear Fellow Cattlemen,

We hope you are having a great calving season. We are optimistic about the coming grass year with the significant early precipitation that we've had across the Northwest this year.

For this year's sale, we have a good selection of growth and calving ease bulls in the offering, represented by the sires Exar Monumental, SydGen Enhance, Roseda Powerball, Capitalist, and Corsair Black Granite. Our focus continues to weigh heavily towards maternal and phenotypic traits. These bulls will add depth and muscling, especially in the hind quarters.

Unfortunately, we will not be offering heifers this year as we build our numbers back to around 150 mother cows. We have taken the opportunity to capitalize on the excellent upcoming genetics of our young stock in our ongoing quest to provide our customers with the value genetics that will grow their profits into the future.

That said, we will have a smaller private treaty sale this year. For those of you that were able to make it to our production sale last year, that meant a lot to us and we again thank you for supporting us.

We would like to show you the very nice set of bulls that we have available this year. There are a good number of calving ease bulls in this years offering. We are here most of the time and would love to assist you with choosing your next herd sire. Please feel free to call us to discuss the bulls or let us know when you want to drop by for a visit. We will look forward to hearing from you.

Best regards,

Steve and Jan Puntenney
